### Point System

\*The FGC Point obtained will be calculated based company's monthly pool and convert to monetary form Malaysian Ringgit (RM).

[\*The "FGC Point" is computed to avoid "Overpay" due to the infinity mechanism in the FGC pay plan. The FGC Point value is equivalent to RM1.00 when there is no overpaying in the FGC pay plan. When overpaying occurred, the FGC Point value may fluctuate and became less than RM1.00. This would **enable sustainability and the stability of pay out in the FGC pay plan.**]
